

Process to obtain a PDU for having participated in the GSPM webinar

Welcome!

The extension and professional actualization activities offered by the Global School of Project Management (GSPM), through its GSPM-Network community, can grant one PDU to those people who participate and are certified as Project Management Professional (PMP)[®] or hold other certifications from the Project Management Institute (PMI)[®].

In order to obtain the activity code registered in PMI's CCRS, the participant must consider that:

1. GSPM will publish the invitation of each GSPM-Network activity in the news section of the UCI's website (www.uci.ac.cr) and will also send it to contacts in its data bases.
2. Those interested must subscribe as participants in advance to the scheduled date for the activity. To subscribe, he/she must access the link of the invitation and complete the form with his/her full name.
3. Once he/she is subscribed, he/she will receive a confirmation e-mail with the direct access to the activity. This access will only be available on the date and time indicated on the invitation.
4. He/She must participate in the activity, on the date and time provided on the invitation.
5. At the end of the webinar, he/she must complete a quality survey of the activity.
6. Once the survey is submitted, he/she will receive a confirmation email with the activity code, which he/she may use to claim the PDU in the CCRS at PMI's website.

We hope to contribute with the promotion and development of the Project Management discipline with your participation. We appreciate your interest in our activities.
